

# Mountains in the Mist

Phish

V1                    G                    C                    G                    Bb                    C  
Several times unconsciously I've stumbled on the path  
Am                    G                    D                    Bb C F  
And seen a mountain in the mist  
G                    C                    G                    Bb                    C  
As rain falls on my shoulders, sun rises in the east  
Am                    G                    C                    D                    G                    Bb Am C Eb Bb  
I'm worn and bruised, but I am here at least

V2                    I guess I'm just an obstacle a thing to overcome  
If I can sneak around myself again I'll know I've won  
The moment seems to hang and float before me with no end  
til I'm released, awakened beast, I'm on the road again

Chorus                    Eb                    Bb  
But now I'm soaring far too high  
Bbm                    F  
A fleck of dust up in the sky where  
Dm                    C  
tiny clouds go sailing by  
Bb                    C  
Pull me down today

V3                    Woven in the fairy tales we fabricate each day  
Are little golden strands of truth that glimmer in the light  
The colorful material you hold a certain way  
Can keep us from the cold and help to get us through the night  
*Chorus*
