

# Miss You

Phish

Intro | : F# / E B : |

V1      F#                  F# E      B  
You're smiling at me,                  from your picture frame,  
         F#                  F# E B  
and I miss you  
         F#                                  F# E      B  
My life keeps on changing,                  but you stay the same,  
         F#                  F# E B  
and I miss you  
F#                                  F# E                  B  
So many moments,                  that we should have shared,  
                                G#m F# E C#  
I miss you  
         B                  F#                  G#m                  B  
And the days turn to years, and it hasn't stopped yet  
         E                                  C#m                  B      B A E  
The memories we shared, I will never forget  
                                B      B A E  
No I will never forget

V2      There's a hole in my heart, that'll never be filled, I miss you  
This all should get easier, but it never will, I miss you  
I float through the days, and the long lonely nights, I miss you  
         B                  F#                                  G#m                  B  
And I hear your footsteps, you're coming down the stairs  
E                                  C#m                                  E  
Lost in your laughter, the sun in your hair  
B                                  F#      B  
A brief recollection, the light in your eyes,  
E                                  C#m                                  B      B A E  
I see the reflection, but it passes by  
                                B      A      E  
It passes me by

Solo      (solo over bridge chords)  
         B                  B      A                  E

V3      You're smiling at me, from your picture frame, I miss you  
Every morning I wake up, and I whisper your name, I miss you  
You're in faces of people, I see on the street  
You're everywhere (x3)

Outro      F#                  F#                  E                  B
