

**Just One More**  
**California Honeydrops**

**V1**        See that full moon a rising  
              See those fireflies all aglow  
              The summer is young the night is callin'  
              But daylight come and I'll be gone

**Chorus**    So just one kiss from you girl  
              Just one more before I go  
              One more dance out on the dance floor  
              Just one more before I go

**V2**        Hear that lonesome whistle blowin  
              Hear those birds begin their songs  
              Soon a new day will be dawnin'  
              But I'll be on my way and gone

**V3**        Yeah, ohhh it feels so good now baby  
              Rockin in your lovin arms  
              I wish I could stay right here with you girl  
              But daylight comes and I'll be gone
