V1        It was many years ago now  
          I really can't be sure  
          Cause when it all began then  
          I heard that knock upon my door.  
          It's the Wolfman's Brother, the Wolfman's Brother  
          Comin' down on me.

V2        The telephone was ringing  
          That's when I handed it to Liz  
          She said, "This isn't who it would be  
          If it wasn't who it is"  
          It's the Wolfman's Brother, the Wolfman's Brother  
          Comin' down on me.

V3        So I might be on a side street  
          Or a stairway to the stars  
          I hear the high pitched cavitation  
          Of propellers from afar  
          It's the Wolfman's Brother, the Wolfman's Brother  
          It's the Wolfman's Brother, the Wolfman's Brother  
          It's the Wolfman's Brother, the Wolfman's Brother  
          Comin' down on me.

Bridge    So in meaningless excitement.  
          through the total sound.  
          It's like a cross between a hurricane.  
          It's like a ship that's running ground  
          It's the Wolfman's Brother, the Wolfman's Brother  
          It's the Wolfman's Brother, the Wolfman's Brother  
          It's the Wolfman's Brother, the Wolfman's Brother  
          Comin' down on...comin' down on me.
