

# Joy

## Phish

- V1      **D**  
Joy is over there in her incredible clothes  
          **Gmaj7**  
She has silver silk shimmering down to her toes  
          **D**  
I was doing the best that I can I suppose  
          **Gmaj7**  
But that little girl dancer eventually grows  
          **E      G A**  
Well she grows
- V2      You can't imagine all the times that I've tried  
To uncover the source of the tears that you cried  
Let's throw it away and just go for a ride  
And you'd say okay but you'd keep it inside  
And I tried, I tried, I tried, I tried
- Chorus    **G                      D                      A                      G**  
We want you to be happy, don't live inside the gloom  
          **G                      D                      A                      G**  
We want you to be happy, come step outside your room  
          **G                      F#m                      A**  
We want you to be happy, cause this is your song too
- V3      I never thought I could have it so good,  
You were the song that my soul understood  
But time is a river that flows through the woods  
And it led us to places we both understood  
Would be gone before too long, would be gone before too long
- V4      When we were young we thought life was a game  
But then somebody leaves you and you're never the same  
All of the places that people belong  
To the puzzle but one of the pieces is gone  
And it's you, it's you, it's you, Joy it's you  
*Chorus*

- V5      **Em                      C                      G**  
In time we'll weather this storm  
          **D                      A**  
Inside together you'll see the change  
          **C      G                      A**  
When the sun shines through  
*Chorus*
