 You're smiling at me,              from your picture frame,

 My life keeps on changing,              but you stay the same,  
             F#              F# E B  
 and I miss you

 So many moments,              that we should have shared,  
                             G#m F# E C#  
 I miss you  
             B                      F#                      G#m                      B  
 And the days turn to years, and it hasn't stopped yet

 The memories we shared, I will never forget

**V2**      There's a hole in my heart, that'll never be filled, I miss you  
 This all should get easier, but it never will, I miss you  
 I float through the days, and the long lonely nights, I miss you  
             B                      F#                      G#m                      B  
 And I hear your footsteps, you're coming down the stairs  
 E                                      C#m                      E  
 Lost in your laughter, the sun in your hair  
 B                                      F#      B  
 A brief recollection, the light in your eyes,  
 E                                      C#m                      B B A E  
 I see the reflection, but it passes by  
                             B A E  
 It passes me by
