

More Phish

V1

G **F**
Life in slow motion, feet are in the clay
C
I'm going nowhere, been standing here all day
G **F**
I had a notion, there was something more to do
C
As I watched the water, from the banks of the river it swelled and grew
G **D**
And I tilt to the left, lean to the right, tilt to the left and lean to the right
F **C**
Walked on coal and slept on glass, amid swords of sound and daggers of light
G **D**
And my heart is screaming,
F **C**
cause half of what I say is lies, and it takes so much to keep up this disguise
G F C
It takes so much to keep up this disguise

V2

G **D**
I see a doorway in the haze and I'm trying to get to it
F **C**
The stars are peepholes in a wall but we can walk through it
G **D**
The memory is still so real, the memory's still so real
F **C**
I guess it's never really over even when it's over

Chorus

G **F**
But I'm vibrating with love and light, pulsating with love and light
C
in a world gone mad, a world gone mad, there must be something more than this
G **F**
I'm vibrating with love and light, pulsating with love and light
C
in a world gone mad, a world gone mad, there must be something more than this

V3

G **D**
The trumpet call is sounding, the trees are bending low
F **C**
There's a great fire in the distance, there must be something more than this
G **D**
And our shadows will all be dancing, with red dust on our clothes
F **C**
And we'll leave by tornado, elbows in the clouds and feet in the sky

Chorus

V4 G D F C
Ohhhh ohhhh ohhhh, woah ohhh ohh ohh ohhh ohhh
G D F C
Ohhhh ohhhh ohhhh, woah ohhh ohh ohh ohhh ohhh
