V1

Life in slow motion, feet are in the clay
C
I'm going nowhere, been standing here all day
G F
I had a notion, there was something more to do
C
As I watched the water, from the banks of the river it swelled and grew
G D
And I tilt to the left, lean to the right, tilt to the left and lean to the right
F C
Walked on coal and slept on glass, amid swords of sound and daggers of light
G D
And my heart is screaming,
F C
cause half of what I say is lies, and it takes so much to keep up this disguise
G F C
It takes so much to keep up this disguise

V2 I see a doorway in the haze and I'm trying to get to it
F C
The stars are peepholes in a wall but we can walk through it
G D
The memory is still so real, the memory's still so real
F C
I guess it's never really over even when it's over

Chorus But I'm vibrating with love and light, pulsating with love and light
 C
 in a world gone mad, a world gone mad, there must be something more than this
 G F
 I'm vibrating with love and light, pulsating with love and light
 C
 in a world gone mad, a world gone mad, there must be something more than this

V3

The trumpet call is sounding, the trees are bending low
F C

There's a great fire in the distance, there must be something more than this
G D

And our shadows will all be dancing, with red dust on our clothes
F C

And we'll leave by tornado, elbows in the clouds and feet in the sky

Chorus

V4 **G** **D** **F** **C**
Ohhhh ohhhh ohhhh, woah ohhh ohh ohh ohhh ohhh
G **D** **F** **C**
Ohhhh ohhhh ohhhh, woah ohhh ohh ohh ohhh ohhh

Jam
