# A Wave of Hope

Phish

- V1** From out of the chaos a wave appears  
In the moonlit confusion  
Irons melted, coming Grace, no longer frozen
- V2** The pillow drowns the moans and shallow breaths  
As dancing silvery rays change, each wave eyes a star  
And the swollen moon hangs over the water
- V3** Reflections guide the way, gold maze mirrors  
As the night wheels turn  
Shipwrecks sway, steel mast crashes, spin green sky
- Chorus** **Cm** I have grown my wings, I am flying **F**  
**Eb** Ascending now, I am soaring **Bb** **B**  
**Cm** Untied my wrists, and flew away **F**  
**Eb** This too shall pass, this too shall pass **Bb** **B**
- Bridge** **G** We are flying, we are flying over the water **Bb** **Ab**  
**G** We are diving, we are diving into the water **C#**
- Jam** Repeat Chorus  
Jam over bridge and chorus  
Repeat chorus X2

Bb Ab  
When I first jumped off, I held that bucket in my hand  
F9  
Ideas that would take me all around the world  
Bb Ab  
I stood and watched the smoke behind the mountain curl  
Eb Bb Ab F9  
It took me a long time to get back on the train

V2 Now I'm gone and I'll never look back again  
I'm gone and I'll never look back at all  
You know I'll never look back again  
I turn my face into the howlin' wind  
It took me a long time to get back on the train

V3 See my face in the town that's flashing by  
See me standing at the station in the rain  
See me standing there beside the car  
I left it all behind, again I'll travel far  
It took me a long time to get back on the train

V4 When I jumped off, I had a bucket full of thoughts  
When I first jumped off, I held that bucket in my hand  
Ideas that would take me all around the world

- V1**      **D**  
Joy is over there in her incredible clothes  
            **Gmaj7**  
She has silver silk shimmering down to her toes

I was doing the best that I can I suppose  
            **Gmaj7**  
But that little girl dancer eventually grows  
            **E      G   A**  
Well she grows
- V2**      You can't imagine all the times that I've tried  
To uncover the source of the tears that you cried  
Let's throw it away and just go for a ride  
And you'd say okay but you'd keep it inside  
And I tried, I tried, I tried, I tried
- Chorus**      **G                      D                      A                      G**  
We want you to be happy, don't live inside the gloom

You were the song that my soul understood  
But time is a river that flows through the woods  
And it led us to places we both understood  
Would be gone before too long, would be gone before too long
- V4**      When we were young we thought life was a game  
But then somebody leaves you and you're never the same  
All of the places that people belong  
To the puzzle but one of the pieces is gone  
And it's you, it's you, it's you, Joy it's you  
*Chorus*

## More Phish

**V1**

**G** **F**  
Life in slow motion, feet are in the clay  
**C**  
I'm going nowhere, been standing here all day  
**G** **F**  
I had a notion, there was something more to do  
**C**  
As I watched the water, from the banks of the river it swelled and grew  
**G** **D**  
And I tilt to the left, lean to the right, tilt to the left and lean to the right  
**F** **C**  
Walked on coal and slept on glass, amid swords of sound and daggers of light  
**G** **D**  
And my heart is screaming,  
**F** **C**  
cause half of what I say is lies, and it takes so much to keep up this disguise  
**G F C**  
It takes so much to keep up this disguise

**V2**

**G** **D**  
I see a doorway in the haze and I'm trying to get to it  
**F** **C**  
The stars are peepholes in a wall but we can walk through it  
**G** **D**  
The memory is still so real, the memory's still so real  
**F** **C**  
I guess it's never really over even when it's over

**Chorus**

**G** **F**  
But I'm vibrating with love and light, pulsating with love and light  
**C**  
in a world gone mad, a world gone mad, there must be something more than this

I'm vibrating with love and light, pulsating with love and light

in a world gone mad, a world gone mad, there must be something more than this

The trumpet call is sounding, the trees are bending low

There's a great fire in the distance, there must be something more than this

# Mountains in the Mist

Phish

- V1      **G**                      **C**                      **G**              **Bb**      **C**  
Several times unconsciously I've stumbled on the path  
**Am**              **G**                      **D**      **Bb** **C** **F**  
And seen a mountain in the mist  
**G**                      **C**                      **G**      **Bb**      **C**  
As rain falls on my shoulders, sun rises in the east  
**Am**              **G**                      **C**      **D**              **G**      **Bb** **Am** **C** **Eb** **Bb**  
I'm worn and bruised, but I am here at least
- V2      I guess I'm just an obstacle a thing to overcome  
If I can sneak around myself again I'll know I've won  
The moment seems to hang and float before me with no end  
til I'm released, awakened beast, I'm on the road again
- Chorus      **Eb**                      **Bb**  
But now I'm soaring far too high  
**Bbm**                      **F**  
A fleck of dust up in the sky where  
**Dm**                      **C**  
tiny clouds go sailing by  
**Bb**                      **C**  
Pull me down today
- V3      Woven in the fairy tales we fabricate each day  
Are little golden strands of truth that glimmer in the light  
The colorful material you hold a certain way  
Can keep us from the cold and help to get us through the night
