

## More Phish

**V1**

G F  
Life in slow motion, feet are in the clay  
C  
I'm going nowhere, been standing here all day  
G F  
I had a notion, there was something more to do  
C  
As I watched the water, from the banks of the river it swelled and grew  
G D  
And I tilt to the left, lean to the right, tilt to the left and lean to the right  
F C  
Walked on coal and slept on glass, amid swords of sound and daggers of light  
G D  
And my heart is screaming,  
F C  
cause half of what I say is lies, and it takes so much to keep up this disguise  
G F C  
It takes so much to keep up this disguise

**V2**

G D  
I see a doorway in the haze and I'm trying to get to it  
F C  
The stars are peepholes in a wall but we can walk through it  
G D  
The memory is still so real, the memory's still so real  
F C  
I guess it's never really over even when it's over

**Chorus**

G F  
But I'm vibrating with love and light, pulsating with love and light  
C  
in a world gone mad, a world gone mad, there must be something more than this  
G F  
I'm vibrating with love and light, pulsating with love and light  
C  
in a world gone mad, a world gone mad, there must be something more than this

**V3**

G D  
The trumpet call is sounding, the trees are bending low  
F C  
There's a great fire in the distance, there must be something more than this  
G D  
And our shadows will all be dancing, with red dust on our clothes  
F C  
And we'll leave by tornado, elbows in the clouds and feet in the sky

Chorus

V4            G                    D                    F                    C  
Ohhhh ohhhh ohhhh, woah ohhh ohh ohh ohhh ohhh  
G                    D                    F                    C  
Ohhhh ohhhh ohhhh, woah ohhh ohh ohh ohhh ohhh
