V1
        I don't care if the hurricane blows
                                      F#9
        And the trees fall down and the storm surge flows
        C#m7
                       F#9
        I'll stay strong I won't be afraid
                                           A B
              C#m7
                                                         C#m7 F#9
        I'll be hanging at the shelter with my Apocalypse Babe
V2
        North Korea might hurl a bomb
        Blow up Honolulu just to show they're strong.
        Out in Kailua in the surf I'll wade
        Hand in hand with my Apocalypse Babe

Lead
Bridge
        Drop me on the lava
        F#m
        Drop in on me in a wave
        Drop water on my forehead
        Until I'm crying for my grave
        Nobody's gonna find me
                 F#m
        Hiding in Plato's cave
        Staring at the shadow
                            C#m7
        Of my Apocalypse Babe.
V3
        Democracy's dying because of right wing dicks
        Can't listen to the news because it makes me sick
        Gonna turn off the TV and go get laid
        Under the covers with my Apocalypse Babe
