V2
       There's a hole in my heart, that'll never be filled, I miss you
       This all should get easier, but it never will, I miss you
       I float through the days, and the long lonely nights, I miss you
        And I hear your footsteps, you're coming down the stairs
       Lost in your laughter, the sun in your hair
       A brief recollection, the light in your eyes,
       I see the reflection, but it passes by
       It passes me by

        You're smiling at me, from your picture frame, I miss you

        You're in faces of people, I see on the street
        You're everywhere (x3)
