Mountains in the Mist
Phish

```
         G                C                 G       Bb    C
V1       Several times unconsciously I've stumbled on the path
         Am         G              D    Bb C  F
         And seen a mountain in the mist
         G                C                 G     Bb     C
         As rain falls on my shoulders, sun rises in the east
         Am         G           C    D       G     Bb Am C Eb Bb
         I'm worn and bruised, but I am here at least
```

```
V2       I guess I'm just an obstacle a thing to overcome
         If I can sneak around myself again I'll know I've won
         The moment seems to hang and float before me with no end
         til I'm released, awakened beast, I'm on the road again
```

```
         Eb                  Bb
Chorus   But now I'm soaring far too high
         Bbm                F
         A fleck of dust up in the sky where
         Dm            C
         tiny clouds go sailing by
         Bb           C
         Pull me down today
```

```
V3       Woven in the fairy tales we fabricate each day
         Are little golden strands of truth that glimmer in the light
         The colorful material you hold a certain way
         Can keep us from the cold and help to get us through the night
         Chorus

V1       Joy is over there in her incredible clothes
                 Gmaj7
         She has silver silk shimmering down to her toes
                  D
         I was doing the best that I can I suppose
                 Gmaj7
         But that little girl dancer eventually grows
                   E      G  A
         Well she grows

V2       You can't imagine all the times that I've tried
         To uncover the source of the tears that you cried
         Let's throw it away and just go for a ride
         And you'd say okay but you'd keep it inside
         And I tried, I tried, I tried, I tried

         G               D         A         G
Chorus   We want you to be happy, don't live inside the gloom
         G               D         A            G
         We want you to be happy, come step outside your room
         G               F#m                      A
         We want you to be happy, cause this is your song too

V3       I never thought I could have it so good,
         You were the song that my soul understood
         But time is a river that flows through the woods
         And it led us to places we both understood
         Would be gone before too long, would be gone before too long

V4       When we were young we thought life was a game
         But then somebody leaves you and you're never the same
         All of the places that people belong
         To the puzzle but one of the pieces is gone
         And it's you, it's you, it's you, Joy it's you
         Chorus

         Em        C         G
V5       In time we'll weather this storm
                 D         A
         Inside together you'll see the change

      I float through the days, and the long lonely nights, I miss you
      And I hear your footsteps, you're coming down the stairs
      Lost in your laughter, the sun in your hair
      A brief recollection, the light in your eyes,
      I see the reflection, but it passes by
      It passes me by
